Randomized Trial to Prevent Vascular Events in HIV

Between Visit Check In Calls Are An Effective Retention Tool

Findings from the REPRIEVE Retention Champion Initiative indicate that sites who make regular monthly check-in calls to participants had a significantly lower percentage of participants off-study.

These findings were recently presented at MGH Nursing Research Day. The poster, *Retention of Research Participants in a Longitudinal HIV Clinical Trial: Best Practices Identified by Systematic Surveys of Study Staff*, won first place in the Emerging Researcher category! [Click here](#) to view the poster.

Don't Forget About the...

The 4th REPRIEVE Participant Newsletter is now available!*

[Click here](#) to download. If you would like hard copies, please email Emma Kileel at ekileel@mgh.harvard.edu and let her know how many copies you need.

Participant newsletters are an excellent way to remind your participants of the importance of REPRIEVE and keep them engaged in the trial!

Newsletters will also be translated to Spanish, Portuguese, French, Xhosa and Afrikaans. If you require another language please let us know.

*This has been approved by the IRB for the REPRIEVE CCC however, seek approval according to your local requirements.

National Institute of
Allergy and
Infectious Diseases

"REPRIEVE – A Large Trial for a Growing Problem among People with HIV"

The blog highlights the recent rationale and design manuscripts published in the American Heart Journal and reinforces the importance of REPRIEVE.

Read the full blog post [here](#).

*We need your **REPRIEVE Team Photo!***

We are in the process of updating the REPRIEVE website and would like REPRIEVE team photos* for eventual placement on the website. Please email a photo of your team to reprieve.news@fstf.org by June 17th.

*A fun, informal photo taken with a smart phone camera is perfectly acceptable.

Thank you to the REPRIEVE Site 31927, HGNI HIV Family Care Clinic in Rio de Janeiro, Brazil for sending in this team photo!

Don't Forget to Submit the Full Version Protocol Amendment (Version 5.0) for Regulatory Approval!

Sites are to submit Version 5.0 protocol amendment to their local IRB/EC within 45 days for US sites or 75 days for non-US sites from the date that the amendment was distributed. The amendment was distributed on

April 10th, so 45 days would be May 25th and 75 days would be June 24th. Within 14 days after receipt of all final written regulatory approvals, the site must submit the amendment for protocol registration.

Retention Tools are Available!

REPRIEVE Retention Champions shared with us that *pens, participant newsletters, thank you cards, and birthday cards (above)* are helpful tools to promote retention. The REPRIEVE CCC has developed these REPRIEVE-branded tools which are *available to all sites (for free!)*. Some sites have begun handing these out to participants and they have been very well received!

If you would like to request some tokens of appreciation for your participants, please email Emma Kileel at ekileel@mgh.harvard.edu.

Meet Jorge Leon-Cruz!

Have you ever wondered who is preparing data reports for REPRIEVE, like the Site Scorecards, DSMB reports and so many more? These reports are prepared at the Center for Biostatistics in AIDS Research (CBAR) by Jorge Leon-Cruz, MS and other biostatisticians who are part of our DCC team! In addition to REPRIEVE, Jorge works on a number of ACTG studies. His work on ACTG A5279, a TB clinical trial, was published in the New England Journal of Medicine. If you want to meet more of the CBAR team, visit [@harvardchansph](https://www.instagram.com/harvardchansph) on Instagram!

Reminder: DSMB Meeting is June 24th, 2019

We are looking forward to updating the DSMB on the trial's progress and accomplishments during the meeting on June 24th. At this time, all important site deadlines have been met, we greatly appreciate your efforts in meeting the timelines in preparation for the meeting!

Task		Deadline* (2019)
Sites	Latest date for the occurrence of an evaluation for which complete data will be included in this DSMB review	April 22 nd (Monday)
Sites	All data for visits through April 22 entered	April 29 th (Monday)
Sites	All adjudication packets for potential MACE events with a work-up complete by April 22 submitted to DCC (MGH)**	May 3 rd (Friday)
Sites	All outstanding queries resolved	May 13 th (Monday)
Sites	Respond to last minute outstanding queries	May 31 st (Friday)
All	DSMB Meeting	June 24 th (Monday)

*Deadlines are Close of Business on the given date unless otherwise noted

** Please ensure that you have responded to all queries and clarifications from the DCC regarding source documents submitted for potential adjudicated events. This will ensure that the DCC is able to submit complete packets to TIMI for adjudication prior to the DSMB.

Staff changes at your site?

If the new staff member is going to be a CRS Leader, CRS Coordinator, IoR, or REPRIEVE Pharmacist, approval by DAIDS OCSO is needed *before* these new staff begin their role for the REPRIEVE trial. You must contact your DAIDS OCSO Program Officer or email OCSOREPRIEVETeam@mail.nih.gov before making any such change.

Please also [click here](#) to view a complete list of accounts needed for new staff.

Save the Date!

Tuesday, July, 16th 2019
1:00 – 2:00 PM ET

For the next Monthly Site Call!

If you missed the May monthly site call, [click here](#) to download slides.

REPRIEVE (A5332): Are you up to date?

For A5332 please use:

Protocol Version 5.0 dated 04/01/2019

MOPS Version 5.0 dated 04/15/2019

A5332 LPC for ACTG Sites Version 5.0 dated 04/11/2019

A5332 LPC for Non-ACTG Sites Version 5.0 dated 04/11/2019

These documents are on the [A5332 PSWP](#)

Mechanistic Substudy of REPRIEVE (A5333s): Are you up to date?

For A5333s please use
Protocol Version 4.0 dated 03/28/2018
MOPS Version 4.0 dated 04/10/2018
A5333s LPC Version 4.0 dated 03/23/2018
These documents are on the [A5333s PSWP](#)

For future reference, all newsletters are available on the [REPRIEVE Website](#).

We welcome ideas and suggestions for future newsletters. Please submit any comments or suggestions to the REPRIEVE News team at reprieve.news@fstrf.org
